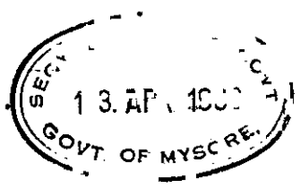
18) The conclusions on the first two allegations are adverse to favour of B. Shankarappa Setty, and indicate that he is apt to misuse his position.

(Sec. & S.G.) 16/4



19) What the petitioners urge is-

(1) that the Weavers' Co-operative Society and the ocal cloth shops are rivals just as the weavers and erchants are rivals.

(2) Mr.B.S.Shankarappa Setty is one of the cloth merhants and is also the President of the Weavers' Coperative Society. He is therefore bound to have conlicting interests.

(3) He has his own shop which does business exactly imilar to that of the Co-operative Society. When it is o the interest of his shop that he should buy the fiished products for as low a price as possible, he canot be expected to strive, as President of the Co-operaive Society, to secure good prices for the products of he Society's members.

20) There is force in the argument which is further strengthened by facts. The Registrar reports that Mr. Sankarappa Setty has taken undue advantage of his position as President of the Society by buying Saris cheeper than the market price, keeping them for inspection for unduly long periods, and getting large credits. He has

also issued cash loans contrary to byelaws.

21) There appears to be no remedy however, as he is an elected President. It was a mistake to have admitted cloth merchants as members of the Weavers' Co-operative Society. Government have a substantial interest in the ~~interest~~ society as they have given a loan of Rs.40,000

22) The ~~Deputy~~ Registrar may perhaps be requested to thoroughly audit the accounts of the Society and send a special report about its working ~~after~~ since the Governmen Loan was sanctioned.

23) My recollection is that no Govt loan was granted to this Society and that we only arranged for the continuance (at a higher figure) of the cash credit which the Society has obtained from the Apex Bank. However, that is not material for the present purpose. We may ask the Regr to send a detailed note on the working of the Society since its reorganisation and on the its present financial position. amendment of the bylaws of a society. The effect of the amendment will be that the Registrar may force a society to adopt a particular course contrary to the wishes of the general body.

39) It is said in this connection that the Registrar has always vast powers of control in regard of audit, inspection, enquiry and surcharge under sections 17, 35, 36-38A and 42A, besides the power to register amendments to bylaws under section 11 of the Act. Under Rule 21 of the rules he has the power of removal of any member from the Managing Committee of a Cooperative Society if he is satisfied that such member has acted in any manner contrary to the best interests of the Society. He appoints Auditors to the Society and fixes their remuneration and the Auditors are now responsible to the Registrar. Even the existing powers of the Registrar under the Act and the Rules are considered by the public as too much of official control over the movement. The Committee on Cooperation have in their report stated that the cooperative movement "which was originally a movement initiated and still to a large extent controlled by official agency cannot always remain in a state of nonage. The essence of the Cooperative movement is that the people should take the management of their own affairs into their own hands and not

be dependent on outside help either for finance or for management and the main object of those charged with the education and training of cooperative workers is to teach people how to become capable of assuming complete control of their own societies". The Registrar has not also stated whether such a provision exists in British India or other Indian States.

(44) It is for consideration whether, while the aim of the movement is to make it purely non-official with as little official control as possible, and when the Registrar has ample powers of direction and control, the addition of the amendment strengthening the hands of the Registrar still further in the face of the opposition of the institution, is desirable. Though there is power of appeal by the Society over the orders of the Registrar. Submitted for orders.

Amin-ul-Mulk Sir Mirza M. Ismail, K.C.I.E., O.B.E.,
Dewan of Mysore,
BANGALORE.

Most honoured Sir,

We, the representatives of the weavers in Bangalore City, beg to state as follows:-

A few years ago, the local merchants used to buy our sarees in a moderate price without loss. By this we - lived in a moderate condition.

Now the greedy and ill-tempered merchants are trying to buy our sarees at a very low prices, less than the cost price. We are obliged to lose all our capitals and to complain our difficulties to the Government which tried its best to save us, but whose efferts were of no use to check the greedy local merchants.

In 1905, the Mysore Government have opened the Co-operative Department to help the poor. Then in 1913, we put shares and opened the Weavers' Society to free ourselve from the hands of the local merchants in Bangalore.

The Weavers' Societies and the local shops, both deal with the local sarees of our looms and also lace and silk.

Therefore the Weavers' Society and the local shops and also the weavers and the local-merchants are the rivals to each other as they deal with the same trade on competition.

The merchants became very jealous and envious of the weavers Society. If we conduct it ourselves, they will have to shut their shops. As to this the local merchants, Messrs. P. Subbarama Setty, B.S. Sankarappa Setty and other conspired to ruin the Society.

We were ignorant that the local merchants were our rivals Without knowing it, we were suffering. The Government has to help us by not allowing the local merchants to enter into our Society.

In 1931-32, Mr. B.S. Sankarappa Setty became the leader to the local merchants and cunningly became the president of the Society to help the merchants and to ruin the Society. He spoiled the trade of the Society. So we lost our Society. By this we are forced to go to the local shops and to sell our sarees worth Rs.40/- for Rs.20/- or 25/- to them. In 1931-32, 1932-34, 1934-35 we lost all our capitals and completely were ruined. B.S. Sankarappa Setty and other local merchants swallowed up all our capitals in 1932-32-33-34 and 35.

In the years 1934-35 we, being entirely ruined, ran to the Government begging them to help the capital and to save us. You were pleased to sanction a loan of Rs.40,000/-.

If B.S. Sankarappa Setty had conducted our Society in a just and proper manner, in 1931-32-33-34 & 35, there was no necessity for us to appeal to the Government in 1934 to help the capitals. This moral rival intentionally damaged the Weavers' Society, to improve the local shops. It is his own mistake and so he is to bear the capitals of us and to pay the amount to the Society. We do not require the present sanctioned loan of Rs.40,000/-. As he has spoiled the Society intentionally, he is to be severely delt with.

B.S. Sankarappa Setty became a president to the Society in 1931-32 to conduct the society properly and thereby improve looms of the weavers. It is his duty to guard our capitals. But instead of doing so, he damaged the Society and also our capitals. He became the president to crush down our Society and to ruin us. Such a moral rival is to be severely pushine

for

for having disturbed our peace. Until he is severely dealt with there will be no peace to us in Bangalore.

B.S. Sankarappa Setty, like the Weavers' Society has 2-3 local shops near the Society and buys there our sarees worth of Rs.40/- from 20-25 and deal with lace and silk, like the Society. Such a moral rival is the president of the Society. When he buys our sarees in such a low price, how can he has the will to work together with us in the Society for our welfare.

Therefore B.S. Sankarappa Setty is rival of the Weavers and their Society as he deals with the trade of the Society on competition. This moral rival is the president of the Society. Is it proper that the rival of the Weavers' Society should be its president? No, it is not.

For B.S. Sankarappa Setty has spoiled the Society in 1931-32-33-34, we begged the Government and got a loan of Rs.40,000/-. Again this rival somehow became the president in 1934-35 and is swinging again on the loan of Rs.40,000/- in a rival manner. If he remains for a few months in the Society, all the weavers will have to leave Bangalore for good.

B.S. Sankarappa Setty has no connection with the Weavers' Society, as he is the rival of the Society as he deals with the trade of the Society.

In the end we humbly beg your honour to order the Department to prosecute B.S. Sankarappa Setty for having spoiled the society in 1931-32-33-34.

2. to order him to pay the capitals of the Weavers' for 1931-32-33 & 34 to the Society for the above 4 years instead of the loan Rs.40,000/- sanctioned.

3. to frame rules that the local merchants might have no claim to become members of the Weavers' Society as they deal with the Society on competition and as they have no Co-operation to work together in the Society.

V. Siddalingappa

We beg to remain,
Most honoured Sir,
Your most obedient servants,

Bangalore,
Dated 10.7 1937.

To

P. H. KRISHNA RAO, Esq., M.A.,
Secretary to Government,

BANGALORE.

Sir,

With reference to your letter No.D.4096/C.S.3-37-19 dated 2-12-37 forwarding for investigation and report a petition dated 10-7-37 presented by Mr. N. Siddlingappa and others complaining against the working of the Weavers' Co-operative Society, Bangalore City, I have the honor to state as follows:-

I inspected the society on 1-3-38 and noticed that three sadies had been sold to Mr. B. S. Shankarappa Setty, President of the Society on 4-5-37 at Rs.31-4-0 each though the rate prevailing for such sadies on that day was Rs.33/- each. It was explained that this was done to the fact that the party had taken the sadies for inspection on 9-3-37 when the lower rate prevailed. As the sale could not be assumed to have been completed so long as the party had the option of returning the sadies, the sale at the lower rate was irregular.

Though the bye-laws of the Society do not permit the issue of any cash loans or grant of credit to any one except supplying raw materials to the members for the preparation of sadies, etc., it was observed at my inspection of the society that this provision was not at all observed and that there were several instances in which cash loans had been granted and finished products had been issued to members and non-members on credit. One such case was that of Mr. B.S. Shankarappa Setty.

on

On 4-5-37 sadies and kanams of the value of Rs.304-2-0 had been issued to him on credit when there was already a balance of Rs.244-1-0 due from him to the Society, and again on 30-6-37 sadies and kanams of the value of Rs.146-10-0 had been issued to him on credit though there was a balance of Rs.526-15-0 outstanding against him.

Excepting the above irregularities in respect of which necessary action will be taken by the Department, the allegations contained in the petition under reference appear to have been made without any foundation. The society was being managed by the weavers themselves for a number of years, but as its affairs were not satisfactory, the bye-laws were amended so as to admit non-weavers to the extent of 25 in number, who are intereste in the welfare of the society. Mr. Shankarappa Setty was accordingly admitted as a member of the society in January 1932, and became its elected President in October 1932. As the General Body of members themselves have elected him as a director and the directors have elected him as President in accordance with the existing bye-laws of the society, the allegation that "he cunningly became the President of the society" is unsustainable.

The Assistant Registrar, Bangalore who enquired into the petition in detail also reports that the petitioners failed to substantiate their allegations when called upon by him to do so, and that there appear to be no grounds for either surcharging the President for the misuse of the funds of the society for prosecuting him under any other charge.

The petition under reference is returned herewith.

I have the honor to be,
Sir,
Your most obedient servant,

Registrar.

To

P.H.Krishna Rao,Esq.,M.A.,
Secretary to the Government of Mysore,
Local Self-Government Department, Bangalore.

Sir,

With reference to your letter No.D.4138/C.S.3-37-12 dated 8th November 1938 calling for a detailed note on the working of the - Bangalore City Weavers' Co-operative Society since its reorganisation and on its present financial position, I have the honour to submit the following Note for the information of Government.

2. The Byelaws of the society were revised during 1935 and the revised byelaws were passed by the general body at their meeting held on 22nd November 1935 and approved and registered by the Assistant Registrar, Bangalore on 21st December 1935.

3. According to the new byelaws, the Committee of Management is to consist of 15 persons, of whom ten are to be elected at the Annual General Meeting and five nominated by the Registrar. The following were nominated by the Registrar:-

1. Mr.S.L.Mannaji Rao, Merchant.
2. " P.Subbarama Chetty, do.
3. " H.R.Chandrasekhariah, Superintendent of Industries.
4. " M.A.Qadir, B.Sc., Weaving Inspector.
5. " The Assistant Registrar, Bangalore Division.

4. Before the reorganisation of the society, it had a member ship of 126 and a paid-up share capital of Rs.4,529/-. By April 1936, the membership had risen to 373 but the share capital decre ed to Rs.4,460/-. The Apex Bank sanctioned to the society a cash credit of Rs.40,000/- at 6 per cent on the recommendation of the Registrar of Co-operative Societies out of which the old cash cre t due to the Bank aggregating Rs.15,000/- was adjusted. The societ prayed for a subvention of Rs.100/- per month to enable it to mee

P.T.O.

meet a portion of the establishment and other incidental charges. Government were pleased to approve of these arrangements in their Order No, D.37-39/I & C.55-35-14 dated 7th June 1936.

5. During the year 1936-37, the society transacted business as follows:-

Kind of Articles.	Purchases. Rs.	Sales. Rs.
1. Finished products ..	49,489 3 4	46,429 1 4
2. S i l k ..	28,691 13 11	31,265 6 1
3. L a c e ..	9,815 4 0	10,067 0 0
4. Colours ..	1,196 7 0	..
Total ..	89,192 12 3	87,761 7 5

The opening stock was valued at Rs.6,811-10-5 and the closing stock at Rs.14,370-8-6. The gross profit from trade during the year was Rs.4,908-13-10. Wages to the extent of Rs.1,211-15-4 were paid to the weavers towards dying the yarn etc. There was a loss of about Rs.900 worth of stock by theft. The net profits of the year amounte to Rs.1,877-14-3. But the previous losses were set off partly against this. The net loss on 30th June 1937 was Rs.6,841-15-7.

6. The society had a membership of 169 at the end of the year 1936-37 and its financial position could be gauged from the following Balance Sheet:-

Liabilities.		Assets.	
1.Share capital	6,667 0 0	1.Cash on hand	1,319 9 3
2.Reserve & other funds ..	10,812 12 3	2.Investments	4,863 12 0
3.Deposits ..	647 9 3	3. Stock on hand	14,370 8 6
4.Apex Bank cash credit balance	20,222 7 7	4. Furniture fittings ..	638 12 0
5.Sundry credtors	4,885 14 4	5.Sundry debtors	15,201 2 1
		6.Losses up-to-date	6,841 15 7
Total	43,235 11 5	Total ..	43,235 11 5

(Rs.4,203-5-6 bad and doubtful)

7. During the year 1937-38, the Apex Bank curtailed the cash credit accommodation to Rs.25,000 only, and this affected the

the society's business to some extent. The non-reduction of the selling price of the finished products on hand to the level of the ruling rates of the market also contributed to the small business. There was a falling of ~~of~~ in members with and also share capital. The business transacted during the year was as follows:-

	Purchases.	Sales.
Finished products	35,812 4 1	28,265 14 3
S i l k ..	15,563 9 2	17,381 15 7
L a c e ..	6,065 6 0	6,492 9 10
Colours ..	507 1 3	1 10 0
Total ..	57,948 4 6	52,142 1 8

8. The financial position of the society at the end of June 1938 was as follows:-

Liabilities.		Assets.	
1. Share capital	5,795 0 0	1. Cash on hand	903 11 8
2. Reserve & other funds ..	10,966 0 3	2. Investments	4,863 12 0
3. Deposits ..	599 10 9	3. Stock on hand	23,274 3 4
4. Apex Bank cash credit balance	27,311 4 7	4. Furniture & fittings	569 0 0
5. Sundry credtors	4,229 7 9	5. Sundry creditors	12,909 14 1
		6. Loss 6841-15-7 - 461--1-4	6,380 14 3
Total	48,901 7 4	Total ..	48,901 7 4

9. The Official Secretary (an Inspector of Co-operative Societies who was appointed as Secretary) assumed charge on 1st July 1938. There appears to be lack of co-operation on the part of the Committee with the Secretary. The membership on 30th October 1938 was 167 and the paid up share capital Rs.5,600/-. The sales during the period of 4 months amounted only Rs.2,687-14-7 and the purchases to Rs.1206-4-0. The loan balance due to the Bank was Rs.26,381-8-0. The society's show room has recently been shifted to Chickpet, a better centre for business.

10. The

10. The losses as also the bad debts will have to be written off against the Reserve and other funds so that the society may have a clean slate to start afresh. Similarly, the value of the stock will have to be brought down to the ruling market prices and thus arranged to be sold away quickly. This will ensure a quick turnover to the society. The bad debts also will have to be similarly dealt with.

11. The immediate need of the society is the clearance of the old stock and the manufacture of easily saleable articles. The consumers' Societies have been circularised in the matter of ~~their~~ purchasing their requirements from the Weavers' Society in preference to the local merchants. The society must be made to handle larger business when it can control the prices and save to the producers and the consumers the middleman's profits.

I have the honour to be,
Sir,
Your most obedient servant,

Registrar.

Sir,

Subject:- Working of the Bangalore City Weavers' Co-operative Society,Ltd.,

With reference to your letter No.D.5492/C.S.3-37-60 dated 16th December 1938 on the above subject, I have the honour to state that action has been taken to reduce the selling prices of the stock on hand and it is expected that the stock or at least major portion of it will be cleared during the ensuing marriage season. If this hope does not fructify, action will be taken to further reduce the prices, and clear the old stock and get articles of new and easily saleable designs,manufactured.

The question of getting proper persons elected as President and members of the Committee of Management of the society will be placed before the general body whose meeting is arranged to be held during the next month. In view of the fact that most of the members are under the clutches of the merchants, it may not be possible to have the necessary changes incorporated in the byelaws of the society in the usual course as even amendment to a byelaw will have to be approved by at least two-thirds of the members present at the meeting. It is not only in this society that such a difficulty has been experienced. With the growth and progress of societies, the amendment of the original byelaws adopted at the time of formation and registration of the societies has often been found necessary. The suggestions of the Department as also of more disinterested but less influential members in this connection have generally been ignored by the societies at the instance and through the influence of a section of interested members, resulting in continued mismanagement.

It is therefore necessary that the Registrar should have the power under the Act to direct the amendment of byelaws of societies, as otherwise, the only alternative would be liquidation of the concerned societies. I have therefore thought of including the following clauses in the Co-operative Societies' Act amending Bill now under preparation.

"(1) If it appears to the Registrar that an amendment of the bye-laws of a registered society is necessary or desirable in the interest of such society, he may, by order in writing to be issued to the society by registered post require the society to make the amendment within such time as he may specify in such order.

(2) If any society fails to make any such amendment within the time specified, the Registrar, may, after giving the society an opportunity of being heard, register such amendment and issue to the society by registered post a copy of the amendment certified by him which shall be conclusive evidence that the amendment has been duly registered and such amendment shall be binding on the members of such society.

(3) An appeal shall lie to the Government from any order of the Registrar passed under Sub-section (2) within two months from the date of the issue of such order. The order of the Government, on appeal, and subject to the result of such appeal, if any, the decision of the Registrar shall be final."
